TACH-IT® is ENTRY LEVEL AUTOMATION©

BY BEN CLEMENTS AND SONS, INC.

Servicing the Bakery and Food Service Industry:

Tach-It offers a full line of equipment used every day in the bakery and food service industries including; twist tie and bag sealing machinery and materials, label dispensing and applicating solutions and machinery for the opening of poly bags.

Twist Tie Machinery and Materials:
The bag closure consumers prefer for baked goods:

- Model #3567, internationally recognized as the most reliable twist tie machine. Has a staight line ribbon feed to avoid jamming, a 4 twist extra tight closure and uses 25% less material per closure.
- Twist tie materials including standard twist tie ribbon for Tach-It and other machinery on the market, decorative twist tie ribbons and our exclusive Polycore, the industry's only tried and proven twist tie material on the market.
- Large capacity and hand-held twist tie machines available.

Bag Opener:
For wicketed bag efficiency:

- Adjustable arms and air velocity controls, made of stainless steel and anodized aluminum. Increases productivity.

Tape Bag Sealing Machinery and Material:
Economical and easy to use:

- A variety of tape bag sealers that offer an inexpensive adhesive to adhesive tape flag seal.
- Our exclusive Model 3235 offers a tamper evident reusable closure using industry standard consumables.
- Bag sealing tapes for Tach-It and other tape bag sealers on the market.

Pressure Sensitive Label Dispensers and Applicators:
Perfect for all repetitive labeling applications:

- Automatic Label Dispensers.
- Hand-held and battery powered label applicators.
- Mechanical label Dispensers.
- Automated wipe-on labeling solutions in a variety of configurations based on your specific needs.
