## Tach-It Imprinted Tape Gun Program:

Thank you for your interest in our Tach-It Imprinted Tape Gun Program. We believe that adding your company information and logo to our high quality Tach-It Tape Guns will help keep your name in front of the customer and assist in obtaining reorders for both the dispensers and most importantly the tape.

At no cost to the customer, based on our minimum order quantity, Ben Clements and Sons, Inc. will create a transparent thermal transfer label using a scuff proof ribbon and apply it to the blade side of the wiper located on the front of the carton sealer.

Tach-It Imprinted Tape Gun Program requires the following:

- A minimum order of 100 dispensers which are combinable among all the styles of hand-held tape guns sold by Tach-It.
- A confirmed purchase order including a note stating that the dispensers are to be imprinted and the preferred imprint color. We imprint in one color only and the color choices are Black, Red and Blue.
- Imprint size is 1 3/4" square. As a suggestion, we suggest laying out the logo and information in a manner that will utilize as much space based on the 1 ¾" square as possible.
- Camera Ready Artwork. Artwork needs to be created in any standard graphics file such as jpeg, pdf, tif, or eps with a size of 2" x 2" with a minimum 600 DPI resolution. Artwork should be grayscale and for best printing, should be created in solid black. Simply taking a colored logo and changing it to a grayscale will reduce the quality of the imprint. We can add information such as a phone number or web address to a logo without a problem but please indicate the desired font. Files can be emailed to us at e-mail address is sales@tach-it.com. They can also be submitted via disc, flash drive or CD/DVD. If you have any further questions, please call customer service at 800-222-5540.
- Please allow approximately 3 weeks on the initial order and 1-2 weeks on subsequent re-orders.
- Most Important: As long as the above criteria is met, there is no charge to the customer for artwork, dies or imprinting.

**To Ensure that dispensers are imprinted – please add PL to the end of the Tach-It Style Number: an example is as follows: H12CP-SS-PL**

Thank you for your interest in our Tach-It products and please let us know if we can be of assistance.

Customer Service.
