TACH-IT®

Ben Clements and Sons, Inc.

is Entry Level Automation™

We Offer Solutions for Productivity.

Model #Mini-Con TB-FB

Automated Top and Bottom Label Applicator:

- Automatically applies a top and bottom label to heavyweight bags, zipper bags, pouches and flat chipboard boxes.
- Perfect for use in the cannabis, pharmaceutical, medical, food service and for many applications where a top and bottom label needs to be applied.
- Large capacity automatic feed system allows for high productivity.
- Uses our well known and proven MCU labeling head for many years of reliable service.
- The top and bottom label applicator can be purchased without the automatic feed station for use in fully automated systems.
- Small footprint and the ability to control both the top and bottom label heads using one master PLC controlled system are advantages of this machine.
- Touch Panel controls includes target counter and 5 memory presets.
